**Boarding Agreement for (Pet) \_\_\_\_\_ (Client) \_\_\_\_\_**

***Owner Release***

To the best of my knowledge, my cat is healthy and free of contagious and/or infectious diseases. If upon exam your cat is found to harbor FLEAS or other contagious diseases, he/she will be treated immediately and isolated until the problem has been completely resolved. I will be responsible for the expense of the treatment.

**Flea treatment used \_\_\_\_\_ Date last dose given \_\_\_\_\_**

**For boarding at College Station Cat Clinic, it is required that your cat have had an examination with one of our veterinarians within a calendar year of their boarding stay, be up to date on rabies and distemper vaccinations, and have had a negative stool check within one year. (Feline leukemia vaccination is optional). If your cat is not up to date, your cat WILL BE EXAMINED AND VACCINATED AT THE TIME OF BOARDING.**

I understand that in the event of illness, the staff will immediately attempt to contact me or my agent to discuss the problem and treatment options. In the event I cannot be reached, College Station Cat Clinic is authorized to initiate appropriate treatment until my agent or I can be contacted.

I understand that veterinary care during nighttime hours and/or weekends is provided at the discretion of the attending veterinarian. Continuous presence of personnel will not be provided during these hours.

I agree that either I, or an authorized agent of mine, will pick up my cat(s) and pay for all accrued charges on the specified date. I agree that if I fail to pick up my cat within 7 days of above date, the College Station Cat Clinic may handle this abandonment in the best interests of the cat and the hospital.

I have received and read the College Station Cat Clinic Boarding Rules documents (see boarding rules at the bottom on the last page of this document).

Signed \_\_\_\_\_ Date \_\_\_\_\_  
 (Owner or duly authorized agent)

**CSCC Boarding Agreement Photo Clause**

Please check below if you would like to receive a mid-visit photo and update of your cat(s) during their stay via text or e-mail.

- that a doctor call me to the discuss the results or  to discuss results at pickup if a doctor is available.

Fecal Floatation Test For Parasites  Rabies Vaccination  FVRCP (Distemper) Vaccination  Comprehensive Cat Exam
--

\_\_\_\_\_ Please initial to authorize any overdue treatments needed while your cat is at the clinic.

**Items to be returned at pick up (please all items dropped off at the clinic for boarding):**

## **Boarding Rules**

REGULAR BOARDING is \$42 per night per cat      BOARDING w/MEDICATION is \$52 per night per cat  
Charges are BY THE NIGHT.

If pick up is after 11 AM, there will be a 1/2 day's boarding charge of \$21 (regular boarding) or \$26 (medication boarding) automatically added to the invoice.

We take pride in taking good care of our cats. We only board the number of cats that we can reasonably care for.

### **Boarding Drop-off and Pick-up Times**

Monday and Thursday: 8-11 AM and 1-5 PM

Tuesday, Wednesday and Friday: 8-11 AM and 1-4 PM

Saturday: 8-11 AM.

### **BOARDING IS AVAILABLE FOR CURRENT CLIENTS ONLY.**

For the health and safety of all cats in our facility, we have developed some important policies:

1. Cats boarding must have a complete physical examination by our veterinarians within one year. We require that a negative fecal test and distemper and rabies vaccinations be given within one year. We are happy to perform health examinations and vaccinations if needed.
2. Cats that have not been spayed or neutered will not be allowed to board unless under 6 months of age.
3. Cats do not get boarded in the same condo. Cats which are normally very docile will become aggressive when in a condo or in strange surroundings.
4. Cats must be in good health and free of signs of contagious illness. *Cats with contagious illness will not be boarded at our facility.*
5. Owners need to bring all current medications, the dosage and frequencies, and any instructions you wish us to follow. **Please bring medications in their original containers.**
6. **We also ask that you bring your cat's regular food.** Feeding a new diet to your cat may make a gastrointestinal upset more likely while boarding. Cats fed a raw food diet will not be boarded.
7. Owners must fill out a boarding form, complete with emergency phone numbers for yourself or other responsible party so that we may reach you if your cat becomes ill.
8. If your cat does not eat for 36 hours, an appetite stimulant may be given to ensure eating while boarding. If your cat becomes ill during his or her stay, our veterinarians will examine him or her and contact you or the authorized person with further recommendations. If we cannot reach you and are unable to receive treatment authorization through your emergency contact, we are obligated to hospitalize the cat and extend appropriate and reasonable medical or surgical treatment. As the owner, you will be responsible for the cost of these services.
9. All cats boarding need to be protected against fleas. If we find evidence of a flea infestation, *we will treat your cat for the protection of our patients and boarding cats.* Owners will be responsible for the cost of this treatment.
10. While we encourage you to bring your cat's regular food and a cozy blanket or toy, we cannot be responsible for lost or damaged personal items. Please do not bring personal items of monetary or sentimental value.
11. **OUR AGGRESSIVE PET BOARDING POLICY:** To make sure your pet receives the excellent care it deserves and to ensure our staffs safety, if we deem your pet to be aggressive, we will ask that an alternative to boarding at our facility be found. This might include leaving the pet at home with a pet sitter, or taking it on the trip.
